

Report:

1st Teaches' Meeting in Portugal

From **8 to 14 October 2023**, the first teachers' meeting started with the main objective of getting to know the different European teams, making agreements for the entire project duration and finally putting all the noses in the same direction, with 1 common goal: to raise awareness among our students, the school, but also the immediate environment about reducing plastic waste.

Saturday, 8 October 2023

Travelday

Sunday, 9 October 2023

At the hotel, we were already introduced to the different teacher teams. This was followed by a visit to Sintra, Cascais Natural Park and Guincho beach. During this trip, the first contacts were made and we got to know each other better in an approachable way.

Monday, 10 October 2023

On Monday, we were warmly welcomed by the headmistress and her team of teachers at the school in Pegoes. Each partner school introduced its school, city and country through powerpoint presentations. Then the coordinating school, went over the application in full detail and questions were answered.

The afternoon was followed by a trip to Évora - UNESCO's World Heritage City. In the afternoon, the whole team had lunch, followed by a guided tour of the city.

Tuesday, 11 October 2023

Tuesday was a full day of work on the project. The following items were discussed:

- Contract agreements and budgets. Who pays what?
- Responsibilities and commitments of each partner school
- Agenda and content of an exchange (general pattern of each exchange).

We ended the day with a nice, pleasant wine tasting in good company at a local winery.

Wednesday, 12 October 2023

No project work today, but a cultural visit to Portugal's capital, Lisbon. We tasted the famous Portuguese cakes: Pastéis de Belém, had lunch together in Lisbon and in the afternoon visited Lisbon downtown (Cais das Colunas, Praça do Comércio, Rua Augusta, Rossio)

Thursday, 13 October 2023

At the school in Pegoes, the comic book proposal was brought by the Belgian coordinator. In addition, an online meeting was organised with the communication office Sprengers, around the support and roadmap regarding the course of the comic book.

**Funded by
the European Union**

In the evening, the host partner Portugal organised a farewell dinner with all participating teachers. It was a successful, engaging week, with good arrangements!!!
